Risk Management Plan

Risk Description	Shutter Factor	Affected Activity	Responsibility	Strategy
Lack of Experience	Taking on a project I dont have expertise in	Creation of the project, affects functionality and assumedly also the testing	Myself	Aim to increase proficiency through extracurricular learning
Methodology for testing can be inaccurate	only having one tester	testing the app	Myself	Ask others to implement their own spreadsheets and test with them, so as to reduce the margin of error and identify other oversights.
lack of time	Taking on too much at once	creation of overall project, perhaps the website	Myself	use an older template that looks good, perhaps find some online to use, and integrate the app into that.
